

Try Clinical Key: 1,100 books, 500 journals, and more

ClinicalKey®
Lead with answers.

Currently, Galter Health Sciences Library licenses access to over 60 books, 40 journals and 35 “Clinics” titles from MD Consult. However, the MD Consult platform will be retired by Elsevier in the coming months.

Elsevier’s replacement for MD Consult is Clinical Key, which provides access to over 1,100 books, 500 journals, medical images, procedural videos, drug monographs, point of care tools, and more. Galter Library currently has access to the Clinical Key site on a trial basis. You can access Clinical Key from our [Product Trials](#) page.

As the cost of Clinical Key is significantly greater than MD Consult, Galter Library would appreciate your feedback. After previewing Clinical Key, please complete this very brief survey to voice your opinions.

NOTE: THIS TRIAL HAS NOW CONCLUDED.
